## Dental Laboratory Technology (DLT), Associate of Science Degree

This program offers technical training and theory in the areas of Full and Partial Dentures and Crown & Bridge and Porcelain. The Dental Technologist is a highly skilled craftsman who designs and constructs the attachments and replacements for our natural teeth. The program includes a fifteencredit-hour component of general education/liberal arts courses. Computer literacy must be demonstrated prior to graduation; otherwise, the student will be required to take a computer course. FNU awards an Associate of Science Degree upon graduation.

## This program is not designed for transfer to a senior institution.

Dental Technician students are required to wear a Laboratory jacket. Students must furnish their own Laboratory jackets and dental supplies.

## The DLT distribution courses are offered simultaneously in English and in Spanish.

COMPLETING A COURSE OR PROGRAM IN A LANGUAGE OTHER THAN ENGLISH MAY REDUCE EMPOYABILITY WHERE ENGLISH IS REQUIRED
